

S.W.A.T. REPLACEMENT PROGRAM.

KARR is so confident that we will recover your vehicle that we are including our "S.W.A.T. REPLACEMENT" program at no additional cost to you, for the duration of the program you purchased. Provided you report your vehicle stolen, and contact the S.W.A.T. COMMAND CENTER within 24 hours of the theft, should we be unsuccessful in recovering it within 30 days, you will receive a brand new vehicle of the then current year. The total benefit is not to exceed \$20,000. (SEE REPLACEMENT GUARANTEE FOR EXACT DETAILS)

INSURANCE PREMIUMS.

Most customers will qualify for savings on their vehicle insurance premium with this passive recovery technology installed in their vehicle. Contact your auto insurance agent for available discounts.

WARRANTY

KARR warrants this product for a period of 36 months from date of purchase. Under the warranty, KARR will either repair or replace the unit should KARR deem it to be faulty.

STOLEN VEHICLE RECOVERY
EMERGENCY COMMAND CENTER
1 - 800 - 395 - 5277

WELCOME TO PEACE OF MIND. Congratulations on your purchase of the **S.W.A.T. VEHICLE RECOVERY SYSTEM** to protect your vehicle. Your attached membership card has the contact details you will require should your vehicle be stolen or carjacked. To get the most out of this state of the art product and to put your mind at rest that your valuable asset is protected, please take a moment to read this Owner's Manual.

PASSIVE PROTECTION. The S.W.A.T. module's operation is completely passive. No action is required from you! Internally the electronics insures the integrated back up batteries are kept fully charged, the GPS receiver updates its location, and all systems are continually on standby, waiting to be called into action.

REGISTRATION/ACTIVATION. Upon purchasing S.W.A.T. from your Car Dealer, you will receive an automated email which provides a link that directs you to the **KARR RECOVERY** login page. Please enter your user name and password as provided in the email. Once logged in, select "MENU" then "Customer Portal" and then "My Dashboard".

IN EVENT OF THE THEFT OF YOUR VEHICLE:

- 1. First file a police report and then:**
- 2. Call the KARR Command Center.**

Upon receipt of this information KARR will locate your vehicle and coordinate its recovery.

www.karrrecovery.com

Your vehicle details will appear in red, and a pop up indicating your vehicle has not been activated will appear. Click **OK** on the pop up, then select the **EDIT**  icon under the Options heading to finalize the entering of your details. Upon completing your details, please select **UPDATE**. Once updated, the activation is complete, and your vehicle data will appear in gray.

SYSTEM VERIFICATION. The **S.W.A.T. VEHICLE RECOVERY SYSTEM** is intended for professional use in real-life recovery situations. Within the first 10 days you are allocated up to 10 "verifications" to check your vehicles location. This serves to confirm that your vehicle is protected. To see the last reported position of your vehicle select the **MAP**  icon under the **OPTIONS** menu. Should you wish to update to the current position select the **LOCATE** icon . *After the initial 10 day period, and in the interest of protecting your privacy, your vehicle can only be located by the S.W.A.T. Command Center and only upon the presentation of a valid police theft report.*

S.W.A.T. COMMAND CENTER – MANNED 24/7. In the event of the theft or carjacking of your vehicle, first file a police report and then call **1 – 800-395-5277**. The **S.W.A.T COMMAND CENTER** will swing into action, locate it, and coordinate its recovery with law enforcement.

PERSONAL DETAIL UPDATES. S.W.A.T. coordinates "Real World" vehicle recoveries which can involve dangerous criminals. **PLEASE use the Website** to update your personal details should they change, to allow us to respond effectively in the event of theft or carjacking.

FCC Caution.

§ 15.19 Labelling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

§ 15.21 Information to user.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure statement

The equipment has been tested and meets applicable limits for Radio Frequency (RF) exposure.↵
This equipment complies with FCC radiation exposure requirement. The device can be used in at least 20cm exposure condition without RF restriction. Or equivalent meaning.
